### CAPABILITY STATEMENT

Muscogee Asset Protection, LLC (MAP), is a tribally owned enterprise of the Muscogee (Creek) Nation. Our services include all design, installation, consulting and repairs of the latest low-voltage system technologies. We can design, install and maintain a range of effective systems to include intrusion detection, fire detection, access control, video/audio surveillance, delayed egress, commercial sound, full systems integration and more. Our team is equipped with trained, certified and dedicated technicians that can install, test and monitor your systems. Our security integration services and preventive maintenance will keep your system running the way it was intended. MAP's proven track record includes a 100% "repeat-customer" rating. MAP serves both commercial clients and local, state and federal government agencies.
